Chrysler Museum of Art, Norfolk, VA

The Norfolk Public Library Foundation's 2018 Norfolk Historical Calendar, "Living in Norfolk," celebrates Norfolk neighborhoods, with long-ago images of people, places and activities throughout the city.

Norfolk is a city of neighborhoods that flow together to make us one. There are neighborhoods with beaches, parks and community centers for recreation; neighborhoods with noteworthy historic architecture and neighborhoods where the streetscape is being changed dramatically by handsome new construction. There is even a neighborhood where ships live. What's not to celebrate in this city of neighborhoods?

**The calendar is available for purchase at ALL Norfolk Public Library locations, online and select retailers.
There is a shipping and handling fee for calendars purchased via mail or online.**

Name: _____

Street Address: _____
